### Pressure Redistribution Foam Mattress — Group I

#### Roscoe Aruba Single Layer Contour Foam Mattress

The Aruba Single Layer Contour Foam Mattress offers a therapeutically designed foam mattress core that was created with state-of-the-art technology to provide superior pressure relief and comfort in three distinct areas: head and shoulders, torso, and lower extremities. Relief of pressure in these areas help to prevent capillary occlusion, shear skin abrasion and moisture build up, all of which can cause skin breakdown. The computerized fabrication process offers a sculptured surface to maximize airflow for each section of the body for comfort, providing therapeutic support and pressure relief that is superior to conventional innerspring mattresses.

The deluxe stretch nylon cover is durable, waterproof, anti-microbial and washable. It also features a waterfall zipper to prevent any fluids from reaching the foam mattress core. The bottom is constructed with a reinforced tri-laminate vinyl and non-slip protection for added safety.

#### Product Features
- **Mattress** — Foam mattress core
  - Pressure relief and comfort in three distinct areas: head and shoulders, torso, and lower extremities.
  - Sculptured surface to maximize airflow
  - Support and pressure relief that is superior to conventional innerspring mattresses.
- **Deluxe Stretch Nylon Cover** —
  - Removable
  - Fluid proof & reduces friction
  - Reinforced tri-laminate vinyl and non-slip protection
  - Anti-microbial
  - Waterproof
  - Washable
  - Urethane laminate to reduce friction, shear & contamination
  - Bottom is reinforced tri-laminate vinyl with non-slip protection
- **Top Layer** —
  - Premium soft foam with Ulti-Mat® surface
  - Weight Capacity: 350 lbs.
- **Vinyl Base** —
  - Waterproof
  - Anti-microbial
  - Washable
  - Urethane laminate to reduce friction, shear & contamination

### Pressure Redistribution Foam Mattress — Group I

#### Roscoe Maui Dual Layer Foam Mattress

The Maui Dual Layer Foam Mattress offers a dual layer design utilizing a combination of materials to reduce pressure and increase airflow. The foundation is built from four inches of premium firm high density foam for maximum support. On the top sits 1½” of Ulti-Mat®, a unique surface made of premium soft foam for enhanced comfort and pressure relief. With these two materials combined, you get a great surface to help reduce skin temperature and enhance comfort.

The deluxe stretch nylon cover is durable, waterproof, anti-microbial and washable. It also features a waterfall zipper to prevent any fluids from reaching the foam mattress core. The bottom is constructed with a reinforced tri-laminate vinyl and non-slip protection for added safety.

#### Product Features
- **Mattress** — Two-layer design for support, comfort and pressure redistribution
  - Base: 4” premium firm high density foam
  - Top: 1½” of premium soft foam with Ulti-Mat® surface
- **Deluxe Stretch Nylon Cover** —
  - Removable
  - Waterproof
  - Anti-microbial
  - Washable
  - Urethane laminate to reduce friction, shear & contamination
  - Bottom is reinforced tri-laminate vinyl with non-slip protection
- **Top Layer** —
  - Premium soft foam with Ulti-Mat® surface
  - Weight Capacity: 350 lbs.
- **Vinyl Base** —
  - Waterproof
  - Anti-microbial
  - Washable
  - Urethane laminate to reduce friction, shear & contamination

Pressure Redistribution Foam Mattress — Group I
Roscoe Tahiti Dual Layer Pressure Relieving Foam Mattress

The Tahiti Dual Layer Foam Mattress offers a multi-sectional design that incorporates four different types of foam to reduce pressure and increases airflow. The foundation is built from four inches of premium firm high density foam for maximum support. On the top sits 1½” of Ulti-Mat®, a unique surface made of premium soft foam for enhanced comfort and pressure relief, as well as a pillow top foam for the heel section to assist in added pressure relief of the lower extremities. With these materials combined, you get a great surface to help reduce skin temperature and enhance comfort.

The deluxe stretch nylon cover is durable, waterproof anti-microbial and washable. It also features a waterfall zipper to prevent any fluids from reaching the foam mattress core. The bottom is constructed with a reinforced tri-laminate vinyl and non-slip protection for added safety.

Product Features
- Mattress — Multi-sectional design for support, comfort and pressure redistribution
  - Base: 4” premium firm high density foam
  - Top: Tahiti: 1½” of premium soft foam with Ulti-Mat® surface
  - Top: Heel: 1½” of pillow top foam
- Deluxe Stretch Nylon Cover — Durable, Waterproof, Anti-microbial, Washable
- Waterfall Zipper — Reduces friction

Product Specifications
- Box Dimensions (L x W x H): 36” x 24” x 19.5”
- Weight Capacity: 350 lbs.
- Warranty: Five years on foam core/one year cover
- Warranty Five years on foam core/one year cover
- HCPCS Code: E0184

Pressure Redistribution Foam Mattress — Group I
Roscoe Rio Tri-Layer Pressure Relieving Foam Mattress

The Rio Tri-Layer Pressure Reliefing Foam Mattress offers our most advanced therapeutic design for patients that require the highest degree of pressure relief. This multi-sectional design incorporates four different types of foam to provide a therapeutic pressure relief surface that enhances patient comfort and support. The top layer’s Ulti-Mat® surface reduces pressure and increases airflow thereby reducing skin temperature and enhancing comfort. The heel section uses pressure relieving Visco-Elastic foam to create the sensitive heel area. The center layer of medium firm foam provides added support and comfort in the head and torso along with integrated pillow soft foam at the foot end. The mattress contains a Premium firm base layer for maximum support with integrated side rails to ensure patient safety during ingress and egress.

The premium Soflux LVT™ nylon cover offers the greatest protection against friction and shearing. It is extremely durable, waterproof anti-microbial and washable. It also features a waterfall zipper to prevent any fluids from reaching the foam mattress core. The bottom is constructed with a reinforced tri-laminate vinyl and non-slip protection for added safety.

Product Features
- Mattress — Multi-sectional design for support, comfort and pressure redistribution
  - Base: Premium base layer w/ integrated side rails
  - Middle: Medium firm foam
  - Top: Tahiti: Premium soft foam with Ulti-Mat® surface
  - Top: Heel: Visco-Elastic foam
- Premium Nylon Cover — Durable, Waterproof, Anti-microbial, Washable
- Waterfall Zipper — Reduces friction

Product Specifications
- Box Dimensions (L x W x H): 36” x 24” x 19.5”
- Weight Capacity: 400 lbs.
- Warranty: Five years on foam core/one year cover
- Warranty Five years on foam core/one year cover
- HCPCS Code: E0184

Pressure Redistribution Foam Mattress — Group I

Roscoe Milan Bariatric Pressure Relieving Foam Mattress

The Roscoe Milan Bariatric Pressure Relieving Foam Mattress is the most unique bariatric mattress on the market for all patients types. This mattress offers two sides of comfort for patient use. The multi-layer design incorporates three different types of foam to provide a therapeutic pressure relieving surface that enhances patient comfort and support on both sides. The top and bottom layer’s Ulti-Mat surface reduces pressure and increases airflow thereby reducing skin temperature and enhancing comfort. Full height integrated side rails to ensure patient safety during ingress and egress.

The outer cover is nylon on one side and a soft urethane stretch fabric on the other to offer the patient a choice of enhanced comfort. It also features a waterfall zipper to prevent any fluids from reaching the foam mattress core.
